WHEREAS it appears that the addition of such public lands to the said forest would be in the public interest; and

NOW, THEREFORE, I, HARRY S. TRUMAN, President of the United States of America, under and by virtue of the power vested in me by the act of February 2, 1922, c. 46, 42 Stat. 362, as amended by the act of May 24, 1935, c. 140, 49 Stat. 288, do proclaim (1) that the exterior boundaries of the Deschutes National Forest, in Oregon, are hereby extended to include all lands within the following-described area, and (2) that all lands in public ownership within such area are hereby added to and reserved as a part of the said forest, subject to any valid existing claims in such lands:

TITLE 22—FOREIGN RELATIONS

Chapter I—Department of State

PART 44—STUDY AND RESEARCH IN THE DEPARTMENT

SEPTEMBER 5, 1946.

Under the authority contained in R. S. 161 (5 U. S. C. 22), and pursuant to 27 Stat. 395 (20 U. S. C. 91), Part 44 in toto of Title 22 of the Code of Federal Regulations is hereby superseded by the following regulation:

Sec.

44.1 Use of records by officials of the United States Government.

44.2 Use of records by persons who are not officials of the United States Government.

44.3 Liberal interpretation of regulation.

AUTHORITY: §§44.1 to 44.3, inclusive, issued under R. S. 161 (5 U. S. C. 22); 27 Stat. 395 (20 U. S. C. 91).

§ 44.1 *Use of records by officials of the United States Government.* The use of the records of the Department by Government officials will be subject to such conditions as the chiefs of the appropriate policy divisions in the Department of State may deem it advisable to prescribe.

§ 44.2 *Use of records by persons who are not officials of the United States Government.* (a) The confidential or unpublished files and records of the Department prior to December 31, 1932 (with the exception of the Department's records concerning the Paris Peace Conference of 1919 and related subjects), or such subsequent date as may be fixed by the Department, may be made available for consultation to persons who are not officials of the United States Government, subject to the following conditions:

(1) Files which are in current use in the Department or which cannot be made public without the disclosure of confidences reposed in the Department or without adversely affecting the public interest will not be made available to inquirers.

(2) Papers received by the Department from a foreign government which have not been released for publication by that government will not be made available to inquirers without the consent of the government concerned. If there is reason to believe that a foreign government may be willing to permit the use of the papers in question under certain conditions, the permission may, at the discretion of the appropriate officials of the Department, be requested. If such permission is requested, the expenses of communicating with the foreign government (cost of telegrams, postage, et cetera) will be met by the person desiring to consult the papers.

(3) Permission to consult the records of the Department through the date fixed by the Department may be granted, subject to the limitations set forth in this regulation, to such persons as lawyers, publicists, historians, instructors, and professors in accredited colleges and universities and holders of the doctor's

degree (or its equivalent) in foreign relations or allied subjects from such colleges and universities: *Provided*, That:

(i) The applicants are authorities of recognized standing in the field to which the records relate and that they have an important and definite use for the information desired.

(ii) Requests for permission to consult material are definitely limited in scope and are confined to specific subjects or particular papers. Owing to a lack of personnel, the Department is not in a position to assemble large quantities of papers or extensive files for consultation by persons not officials of the Government.

(4) An application from an alien to consult the records of the Department under this regulation will be considered only if such application is accompanied by a letter from the head of the embassy or legation in Washington of the country of which the alien is a citizen, subject, or national. Such letter will show that the applicant is favorably known to the appropriate embassy or legation and that the mission is familiar with the purpose of the applicant's work.

(5) All applications to consult the original records of the Department of dates prior to the one fixed by the Department will be referred to the Chief of the Division of Research and Publication. If the Chief of the Division of Research and Publication is of the opinion that the applicant possesses the requisite qualifications as set forth in the regulations in this part, the applications will be handled as follows:

(i) Documents or papers previously released or published and unpublished papers clearly involving no question of policy, intelligence, or security may be made available to qualified applicants by the Chief of the Division of Research and Publication without reference to other officials.

(ii) Material or information bearing a security classification originating with another Government agency will not be made available for inspection unless specific approval is obtained from the agency of origin.

(iii) For requests for all other material, information, or documents, the Chief of the Division of Research and Publication will have assembled all of the relevant papers and files which the applicant desires to consult and will have them submitted to the chief of the policy division charged with the consideration of questions in the field which is the object of the research or inquiry.

(iv) If the chief of the policy division concerned determines that the applicant will be permitted to use all or part of the papers desired, he will inform the Chief of the Division of Research and Publication of the conditions under which the papers may be examined—that is, whether copies may be made of the relevant documents or whether only notes may be taken; whether the copies or notes may be published in whole or in part or used only for background information; or any other conditions which the chief of the policy division may deem it advisable to prescribe. This decision will

be final except in cases of unusual importance where the question may be referred to an Assistant Secretary of State or higher officer.

(v) Upon receiving the decision of the chief of the policy division setting forth the conditions deemed advisable and necessary to prescribe, the Chief of the Division of Research and Publication will arrange for the applicant to consult the files, subject to the conditions mentioned.

(vi) After the applicant has consulted the papers, he will submit to the Chief of the Division of Research and Publication all notes, copies of documents, and the like which he has made. The Chief of the Division of Research and Publication will refer these notes, copies, and the like, except those based on the documents or papers referred to in subdivision (i) of this subparagraph, to the chief of the policy division for examination if the chief of the policy division so desires.

(vii) The chief of the policy division may, after such examination, return the papers to the Chief of the Division of Research and Publication for transmittal to the applicant, or he may, at his discretion, retain the notes and refuse the applicant permission to use them.

(b) In order that the records of the Department may be made available as liberally as circumstances permit, the Department, each year, will give consideration to the situation then existing with a view to advancing the date fixed whenever such action is deemed possible.

§ 44.3 *Liberal interpretation of regulations.* The provisions of the regulations in this part are to be interpreted as liberally as possible. In this regard it is to be borne in mind that the further it is possible to go in the way of promoting legitimate historical research and the study of the foreign policy of the United States without violating the confidences necessary for the transaction of diplomatic affairs, the more likely the Department will be to receive the support and trust of the intelligent public.

This regulation shall become effective immediately upon registration in the Division of the Federal Register.

stated herein are under two headings:
exemptions, immigrant (resident) sea-
men or airmen; and exemptions, non-
immigrant (non-resident) seamen or
airmen.

§ 65.53 *Exemptions, immigrant (res-
ident) seamen or airmen—(a) Passport
and visa not required.* An alien seaman
or airman who is a lawful permanent
resident of the United States is not re-
quired to present a passport or a visa
if arriving in the United States under the
following circumstances:

(1) As a seaman or airman who is the
holder of a resident alien's border-cross-
ing identification card, and who is em-
ployed on vessels of United States, Brit-
ish, or Canadian registry, engaged solely
in traffic on the Great Lakes and con-
necting waterways, or on aircraft travel-
ing solely between the United States and
Canada. (See § 61.202 (d) of this chap-
ter.)

(2) As a passenger who is a ship-
wrecked or castaway seaman or airman
rescued by, or transferred at sea to, a
vessel or aircraft bound to a port in the
United States.

(3) As a member of the crew of a ves-
sel or aircraft who is in possession of a
valid reentry permit.

(b) *Passport not required.* An alien
seaman or airman who is a lawful per-
manent resident of the United States
whose case does not fall within paragraph
(a) of this section is not required to pre-
sent a passport if arriving in the United
States under the following circum-
stances:

(1) As a seaman or airman who has
lost his passport, who is unable to obtain
a replacement thereof, who is arriving
as a member of the crew of a United
States vessel or aircraft, or a United
States-owned Panamanian flag vessel,
and who presents evidence, when re-
quired, of having been examined for se-
curity by the United States Coast Guard:
Provided, That this waiver of the pass-
port requirement shall be valid only for
a single entry of such seaman or airman,
unless such waiver is extended by the
Secretary of State.

(2) As a seaman or airman in whose
case an individual waiver of the passport
requirement has been granted by the
Secretary of State, except that for a
seaman or airman arriving at a port in
the Virgin Islands, the Governor thereof
may grant such waiver, and for a seaman
or airman arriving at a port of the
Canal Zone, the Governor thereof may
grant such waiver: *Provided*, That such
waivers may be granted only in cases of
hardship in which the public security is
not jeopardized.

(c) *Visa not required.* An alien sea-
man or airman who is a lawful perma-
nent resident of the United States whose
case does not fall within paragraph (a)
of this section is not required to present
a visa if arriving in the United States
on a vessel or aircraft under the follow-
ing circumstances:

(1) As a seaman or airman whose
name is included in the visaed crew list

of the vessel or aircraft upon which he arrives.

(2) As a passenger who was a member of the crew of a United States vessel or aircraft which has been sold and delivered abroad when the contract of employment provides for the return of the crew or the laws of the United States provide for their return to a port in the United States.

(3) As a passenger who is returning to the United States in accordance with the terms of the articles of the vessel or aircraft on which he formerly served.

(4) As an alien (American) seaman who is a consular passenger, or is repatriated after and in accordance with the terms of his discharge in a foreign port before a consular officer, but who, for any reason, cannot be considered as serving as a seaman on the vessel on which he arrives at a port in the United States. (See § 61.203 (a), (b), and (c) of this chapter.)

§ 65.54 *Exemptions, nonimmigrant (nonresident) seamen or airmen—(a) Passports and visas not required.* An alien nonresident seaman or airman is not required to present a passport or a visa if arriving in the United States under the following circumstances:

(1) As an airman employed on an aircraft proceeding from one place to another in foreign contiguous territory and landing temporarily in the United States under emergency conditions. (See § 61.107 (u) of this chapter.)

(2) As a seaman or airman who is the holder of a nonresident alien's border-crossing identification card, and who is employed on vessels of United States, British, or Canadian registry, engaged solely in traffic on the Great Lakes and connecting waterways, or on aircraft traveling solely between the United States and Canada. (See § 61.109 (b) of this chapter.)

(b) *Passports not required.* A nonresident seaman or airman whose case does not fall within paragraph (a) of this section is not required to present a passport if arriving in the United States under the following circumstances:

(1) As a seaman or airman who has lost his passport, who is unable to obtain a replacement thereof, who is arriving in the United States as a member of the crew of a United States vessel or aircraft or a United States-owned Panamanian flag vessel, and who presents evidence, when required, of having been examined for security by the United States Coast Guard: *Provided*, That this waiver of the passport requirement shall be valid only for a single entry of such seaman or airman after the loss of his passport, unless such waiver is extended by the Secretary of State.

(2) As a seaman or airman in whose case an individual waiver of the passport requirement has been granted by the Secretary of State, except that for a seaman or airman arriving at a port in the Virgin Islands, the Governor thereof may grant such waiver, and for a seaman or airman arriving at a port of the Canal Zone, the Governor thereof may grant such waiver: *Provided*, That such waivers may be granted only in cases of hardship in which the public security is not jeopardized.

(c) *Visas not required.* A nonresident seaman or airman whose occupational status as such is found to be bona fide, entering a port of the United States solely in pursuit of his calling, but as a passenger on a vessel or aircraft and not as a member of the crew of the vessel or aircraft on which he arrives, may be admitted temporarily as a non-immigrant in the discretion of the Attorney General and under regulations prescribed by him. Such an alien must present a passport but not a visa, if he is arriving in the United States under the following circumstances:

(1) As a seaman or airman who was a member of the crew of an American vessel or aircraft, which has been sold and delivered abroad, when the contract of employment provides for the return of the crew or the laws of the United States provide for their return to an American port.

(2) As a seaman or airman who is returning to the United States in accordance with the terms of the articles of the outward voyage.

(3) As a shipwrecked or castaway seaman or airman rescued by, or transferred at sea to, a vessel or aircraft bound to a port in the United States. (In this case a passport will not be required for the first entry if the alien has lost his passport): *Provided*, That such a seaman or airman must agree to reship foreign or depart from the United States at the first available opportunity.

(4) As an alien (American) seaman who is a consular passenger, or is repatriated after, and in accordance with the terms of, his discharge in a foreign port before a consular officer, but who, for any reason, cannot be considered as serving as a seaman on the vessel on which he arrives at a port in the United States.

(5) As a shipwrecked or castaway seaman or airman, who was taken aboard a vessel or aircraft in a foreign port or place where no American consular officer was stationed, and who was brought to the United States as a passenger without touching at any port or place where such an officer was stationed: *Provided*, That such a seaman or airman must agree to reship foreign or depart from the United States at the first available opportunity.

(6) As a nonresident Canadian national, occupationally a seaman or airman, who is being sent forward to join a vessel or aircraft in a port of the United States, provided he presents a valid seamen's or airmen's identification certificate issued by an appropriate Canadian Government agency.

§ 65.55 *Crew-list visa required.* (a) Except as otherwise provided in the regulations in this part, there shall be submitted to an American consular officer for visa a list of all the alien members of the crew of each vessel or aircraft proceeding to the United States from any foreign port or place from which the vessel or aircraft commences its voyage to the United States. No seaman or airman shall hereafter enter the United States as a member of the crew of a vessel or aircraft unless his name appears on a visaed crew list, or unless he is in pos-

session of an appropriate individual visa, except where the vessel or aircraft is exempted from the requirement of submitting a visaed crew list under §§ 65.51 to 65.62, inclusive.

(b) If there is no American consular officer stationed at the port or place from which the vessel or aircraft commences its voyage to the United States, but there is one stationed at a nearby port or place to whom the crew list may be submitted by mail, or by other means, for visa without delaying the departure of the vessel or aircraft, the crew list must be so submitted. If there is no American consular officer stationed nearby, the crew list must be submitted for visa at the first port or place of call where an American consular officer is stationed.

(c) A vessel or aircraft arriving at a port in the continental United States, Hawaii, Puerto Rico, or the Virgin Islands, after entering and clearing from a port or place in the Canal Zone for purposes other than transit, refueling, or landing passengers for medical treatment, shall be subject to all the crew-list visa requirements applicable to vessels or aircraft arriving in the United States from any foreign port or place.

(d) Supplemental crew-list visas should be obtained at subsequent ports or places of call to cover any additional seamen or airmen who have been signed on since the original or a prior supplemental crew-list visa was obtained.

(e) If one or more alien members of the crew are signed on after the crew list has been visaed and prior to the departure of the vessel or aircraft, the names of such aliens must be submitted to the consular officer for addition to the copies of the crew list.

§ 65.56 *Crew-list visas not required.* Crew-list visas are not required for the following classes of cases:

(a) Vessels or aircraft proceeding from a port or place where no American consular officer is stationed and it is not possible for such vessel or aircraft to comply with the conditions of § 65.55 (b).

(b) Government vessels or government aircraft.

(c) Vessels or aircraft operating between a port of the United States and a port of Canada or Newfoundland, and not touching at a port of any other country.

(d) Vessels or aircraft operating on a regular service exclusively between a port in Florida and Habana, Cuba, except that a new crew-list visa must be presented (1) to cover the first trip each month, and (2) at any other time during the month whenever a new crewman is signed on.

(e) A member of the crew of a vessel or aircraft who is in possession of an appropriate individual visa or a reentry permit.

(f) A member of the crew of a vessel or aircraft in whose individual case an emergency waiver of the crew-list visa requirements has been granted by the Secretary of State.

(g) A vessel or aircraft proceeding from one foreign place to another, which is diverted from its course under emergency conditions and enters a port of the United States, provided the crew-list visa

requirement is waived by the Secretary of State.

§ 65.57 *Refusal of crew-list visa.* (a) If a consular officer has definite knowledge that a crew list contains the name of an alien who is not a seaman or airman, or whose admission into the United States would be contrary to the public safety, or who is endeavoring to enter the United States in evasion of the immigration laws, the crew-list visa shall be withheld until the name of such alien has been removed from the crew list of the vessel or aircraft, or until such alien, if admissible into the United States, shall have made application for and received an appropriate individual visa.

(b) If a consular officer has doubt as to the admissibility into the United States of an alien named in a crew list, but the evidence is not sufficient to warrant the refusal of a visa, he should advise the master, commanding officer, or agent of the vessel or aircraft that the admissibility of the seaman or airman into the United States is doubtful. If the name of the alien concerned is not removed from the crew list, the consular officer may grant the visa, telegraphing a report to the Department and including in such report the name of the suspected alien and the facts on which the doubt is based.

(c) When a crew-list visa is refused in any case, a full report should be forwarded by the consular officer to the Department in sufficient time to reach the United States before the arrival of the vessel or aircraft. The original of the crew list may be returned to the master, commanding officer, or agent, but the duplicate should be filed in the consular office.

(d) Unless there is specific evidence that a previously deported alien, or removed alien (that is, an alien previously removed from the United States under the authority and provisions of section 23 of the act of February 5, 1917, as amended), included in a crew list intends to leave the vessel or aircraft in evasion of the law, in a port or place under the jurisdiction of the United States, the crew-list visa should not be refused. However in the cases of seamen, a notation (preferably in red ink) of the fact of the previous deportation or removal should be placed in the remarks column of the crew list after the name of the deportee or removed alien, and in the cases of airmen such notation may be made in an appropriate place on the aircraft crew list. The master, commanding officer, or agent of the vessel or aircraft should be informed that such an alien may not be admitted by the immigration authorities after the vessel or aircraft arrives in the United States.

(e) If the fact of deportation or removal has been discovered after the crew list has been visaed and the crew list does not, therefore, carry an appropriate notation in the remarks column, the Department should be immediately informed by telegraph or airmail.

§ 65.58 *Crew-list form.* (a) Crew lists or manifests of aliens employed on vessels as members of the crew shall be prepared in duplicate on Department of Justice Form I-480, or such other form

as the Department of Justice may prescribe. Masters or agents of vessels will ordinarily have a supply of crew-list forms, which they may purchase in the United States from collectors of customs, but consular offices having a possible demand for such forms will keep a supply on hand from which they may furnish copies in an emergency. Consular officers may obtain copies from the Department upon requisition.

(b) In view of the limited number of persons composing the crews of aircraft, and for other reasons, the crew lists or declarations of aircraft commanders covering the aliens employed on the aircraft shall be prepared on such form as the Commissioner of Immigration and Naturalization may prescribe or approve.

(c) No form of application for a crew-list visa shall be required other than the presentation of the complete crew list and all necessary information with respect thereto.

§ 65.59 *Preparation of crew lists.* (a) All entries on the crew lists of both vessels and aircraft shall be made in the English language. Bilingual or multilingual entries may be made if one of the languages is English. All entries on both copies shall preferably be printed in ink or typewritten; however, script copies may be accepted by the consular officer. The name of every member of the crew, citizens and nationals of the United States as well as aliens, should be included in the crew list. Citizens and nationals of the United States and alien immigrant seamen or immigrant airmen who are in possession of immigration visas, or reentry permits, or who are admitted under section 13 (b) of the act of 1924, as amended are not considered as being documented as nonimmigrant aliens, even if their names are included in a crew list which has been visaed. (E. O. 9352, Part III, June 15, 1943)

(b) There shall be inserted before the name of each seaman who is an alien, and who was not employed on the vessel on its last preceding trip to the United States the word "first." In addition the initials "PE" (meaning "Previous Experience") should be inserted immediately after the word "first" in the cases of seamen proceeding to the United States on their first trip on a vessel to which they have been transferred from another vessel of the same company. The neglect, failure, or refusal of the owner, agent, consignee, master, or other responsible person to comply with this requirement may constitute a violation of section 36 of the Act of February 5, 1917, and such persons should be so informed by consular officers, but a failure to warn them will not relieve them of liability.

(c) If a crew list is prepared on more than one page, the pages should be securely fastened together with eyelets in the upper left corner and tied by ribbon inserted through the eyelets. The ends of the ribbon should be brought through a slit cut in the last page and fastened to the page opposite the visa stamp by a wafer seal on which the impression seal of the consular office should be placed. The consular impression seal should be placed on all other pages in the lower

right corner. The pages should be properly numbered.

(d) In order to facilitate the handling of the crew list of a large vessel, a consular officer is authorized to separate a crew list containing 400 or more names into four separate sections. The separate sections should correspond to the following departments of the crew of the vessel: (1) Deck Department, (2) Engine Department, (3) Catering Department, and (4) Armed Guard. The crew-list visa should be placed on the last page of the last section of the crew list. Each section of the crew list should be closed in such a manner as to prevent any additions to the list after the visa has been granted with the words "I. Deck Department, (or II. Engine Department, III. Catering Department, or IV. Armed Guard), Containing ----- members of crew". The final section of the crew list should further carry the words "Crew list in four parties: Total members -----".

(e) If the name or names of seamen or airmen submitted as signed on after the crew list was visaed are in substitution for other members of the crew, the names of the latter seamen or airmen should be stricken from the list with pen and ink and the initials of the consular officer should be placed on the line opposite the names deleted. If there should not be sufficient time in which to complete an investigation of the seamen or airmen, the consular officer should not delay the vessel or aircraft, but may authorize the addition of such names to the crew list and telegraph the Department regarding any such alien in whose case investigation discloses information indicating a mala fide seaman or airman, or other grounds for exclusion at the port of entry.

(f) If the additional members of the crew are signed on in an emergency under circumstances which make it impossible to submit the names to the consular officer before sailing, the facts should be reported at the first port of call at which an American consular officer is stationed. The latter officer may issue a supplemental crew-list visa covering the members of the crew in question if satisfied regarding their bona fides. He should communicate with the consular officer at the port of shipment, before the visa is granted if time permits, and request information concerning the seamen or airmen in order that the Department may be advised regarding those whose status may be in doubt. The consular officer first discovering the doubtful status of the members of the crew should report the facts to the Department and advise the other officer that he has done so.

§ 65.60 *Form of crew-list visa.* The passport visa stamp should be affixed, signed, and sealed, and the clauses concerning the period of validity of the visa should be struck out, as a crew-list visa is valid for only one entry. The visa should be shown as granted under section 3 (5) of the Immigration Act of 1924, and the notation "seamen" or "airmen" should be entered on the classification line below. The visa should be placed on the crew list in such a manner as to prevent any addition being made

to the list after the visa has been granted. The words "Closed with _____ members of crew" should be written at the end of the crew list and just ahead of the visa.

(a) *Numbering, fees, and fee stamps.* Crew-list visas need not be numbered. The fee for visaing a crew list is \$2.00, as prescribed by Item No. 7 of the Tariff of United States Foreign Service Fees. No fee should be charged for a crew-list visa issued to a United States vessel or aircraft or for supplemental visa issued to any vessel or aircraft. Fee stamps in the prescribed amount will be placed on the visa and canceled.

§ 65.61 *Disposition of crew list.* After the crew-list visa has been granted or refused, the original copy of the crew list should be returned to the master, commanding officer, or agent of the vessel or aircraft for delivery to the appropriate authorities at the first port or place of arrival in the United States. The crew list on Form I-480 or other prescribed form is for ultimate delivery to the immigration authorities in the United States. The duplicate copy of Form I-480 or other prescribed form should be filed in the consular office and should bear appropriate notations to identify the service, its date, fee, and fee number.

§ 65.62 *Effective date.* Sections 65.51 to 65.62, inclusive, shall become effective on September 10, 1946.

Section 803.5, Housing Expediter Priorities Regulation 5, is amended in the following respects:

1. Subparagraph (c) (1) (vi) is amended to read as follows:

(vi) A person who wishes authorization to make repairs or alterations to dwelling accommodations in order to maintain them in a habitable condition or to return them to a habitable condition, or to provide space for additional persons who are veterans or members of the immediate family of the applicant: *Provided*, That the estimated cost of the construction to provide such additional space for any such person shall not exceed \$1,500. Priorities assistance will be granted under this subparagraph only for emergency plumbing and heating repairs as explained in (a) below or for general repairs as explained in (b) below.

(a) Priorities assistance will be granted for the delivery of plumbing and heat-

ing supplies listed in Schedule A to CPA Priorities Regulation 33 to make emergency repairs to a dwelling rendered uninhabitable by the failure of plumbing or heating facilities to function, if it is not possible to make the facilities function without such supplies. A dwelling will be considered uninhabitable only if continued occupancy would constitute a threat to the health or safety of the occupant. (b) Priorities assistance will be granted for any repairs necessary to return a dwelling to a habitable condition which has been vacant for at least six months for lack of such repairs, and in such cases the dwellings repaired shall be subject to the same limitations and restrictions as provided for dwellings approved under paragraph (c) (1) (ii) of this section.

2. Subparagraph (c) (2) is amended by inserting the following after the words "NHA Form 14-56" in the first sentence: "(or on NHA Form 14-92 in cases of applications for priorities assistance for emergency plumbing and heating repairs under subparagraph (c) (1) (vi))."

This amendment shall become effective October 1, 1946.

Chapter IX—National Capital Housing Authority

PART 901—ORGANIZATION

Sec.	
901.1	Creation and authority.
901.2	General purpose and functions.
901.11	Central offices.
901.12	Office of the Executive Officer.
901.13	Administration Division.
901.14	Operations Division.

§ 901.1 *Creation and authority.* The National Capital Housing Authority was established by the District of Columbia Alley Dwelling Act approved June 12, 1934 (48 Stat. 930), amended by subsequent acts approved June 25, 1938 (52 Stat. 1186) Title 5, D. C. Code 1940, sec. 103 and the District of Columbia Redevelopment Act of 1945, Public Law, 592, 79th Congress, approved August 2, 1946. The agency of the Government to carry out the provisions of the act was designated in the legislation as "the Authority". It was given the name of "The Alley Dwelling Authority" in Executive Order 6868, of October 9, 1934; this order designated two officers of the Federal Government and one officer of the District of Columbia Government to serve, ex officio, as the Authority. The order also directed the Authority to appoint

an executive officer, who would act as secretary, and to prescribe his duties and responsibilities. Changes in the membership of the Authority were authorized by Executive Order 7784-A of January 5, 1938, and Executive Order 8033 of January 11, 1939. The name of the Authority was changed from "The Alley Dwelling Authority" to the "National Capital Housing Authority" by Executive Order 9344, May 21, 1943, 8 F. R. 6805. The Authority consists of the Chairman of the Board of Commissioners of the District of Columbia, the Architect of the Capitol, and the Director of Planning of the National Capital Park and Planning Commission. The members of the Authority elect annually a chairman and a vice-chairman of the Authority.

§ 901.2 *General purpose and functions.* The general purposes of the Authority are to eliminate communities in the inhabited alleys and sub-standard housing conditions in the District of Columbia and to provide public low-rent housing to prevent a shortage of an adequate supply of decent, safe, adequate and sanitary dwellings for families of low income in the District of Columbia. The Authority serves as the public housing agency for the national capital. The program of the original Alley Dwelling Act was greatly enlarged by the Authority's participation under the United States Housing Act of 1937, 50 Stat. 897, which provides Federal aid on a Nation-wide basis for low-rent housing for persons whose incomes are too low to cause private enterprise to provide such housing. Under the District of Columbia Redevelopment Act of 1945, Public Law 592, 79th Congress, approved August 2, 1946, the Authority is designated as a public redevelopment company to aid in the development of blighted areas in the District of Columbia only in the event private enterprise shall not be reasonably available for such development.

(b) The Authority manages housing built by it and by other agencies for occupancy by low-income families. During the war emergency Congress provided for defense housing under Public Law 781, 76th Congress, 54 Stat. 872, Public Law 671, 76th Congress, 54 Stat. 681, 42 U. S. C. 1501, and Public Law 849, 76th Congress 42 U. S. C. 1521. The Authority has been designated at various times as an agent of the President, of the Federal Works Administrator and of the Federal Public Housing Authority to provide and manage permanent and temporary housing for essential war workers and veterans in the District of Columbia and in Prince Georges County and Montgomery County, Maryland, adjacent to the District of Columbia; any vacancies in the war housing are made available by the Authority to the families of distressed veterans and of men who are absent in military service.

(c) The housing management operations of the Authority include establishment of rent and income schedules, selection of tenants from among qualified applicants, execution of leases and of subsequent rent adjustments, collection and deposit of rents and service charges, maintenance of buildings, grounds and equipment and examinations of tenants

to ascertain eligibility for continued occupancy.

§ 901.11 *Central offices.* The central offices of the National Capital Housing Authority are located at 1737 L Street NW., Washington, D. C. By inquiry at these offices, members of the public may obtain authorized information with respect to forms and procedures affecting members of the public and the locations of the various offices of property managers and other sub-offices of the Authority.

§ 901.12 *Office of the Executive Officer.* The Executive Officer is the secretary of the Authority, chief of its staff, and principal representative of the Authority in all official contacts, except on such specific occasions when the Authority is required by law or by public policy to take such official actions or make such official contacts as the necessity of a particular occasion may require. The Executive Officer acts in an executive and ministerial capacity for the Authority. The office of the Executive Officer includes the office of the General Counsel and the Budget Office of the Authority.

§ 901.13 *Administration Division.* The Administrative Officer is chief of the Administration Division, and is principal assistant to the Executive Officer for purposes of general internal administration; and acts for the Executive Officer in the absence of the latter.

§ 901.14 *Operations Division.* The Deputy in Charge of Operations is chief of the Operations Division, and is principal assistant to the Executive Officer in all phases of project development, property management, and property maintenance.

PART 902—PROCEDURES

§ 902.1 *Applications for housing accommodations.* Information and office forms required by members of the public who wish to make application for housing accommodations and to become tenants of the Authority, are available at the central offices of the Authority, 1737 L Street NW., Washington, D. C., on Mondays through Fridays, from 8:30 a. m. to 5:15 p. m., except on legal holidays and on other days declared to be nonwork days in the Federal service.

§ 902.2 *Property management offices.* The Authority maintains property management offices under the direction of the Deputy in Charge of Operations at various locations in or near the various housing properties under the management of the Authority. The list of the properties and property management offices is in the central offices of the Authority, 1737 L Street NW., Washington, D. C. The properties at each location are under the direction of a Property Manager who is immediately responsible for operation, management and maintenance.

Chapter IX—Civilian Production
Administration

PART 944—REGULATIONS APPLICABLE TO
THE OPERATION OF THE PRIORITIES SYSTEM

[Priorities Reg. 33, Direction 1A, as Amended
September 11, 1946]

SOFTWOOD PLYWOOD

The fulfillment of requirements for the defense of the United States has created a shortage in the supply of softwood plywood for defense, for private account and for export; and the following order is deemed necessary and appropriate in the public interest and to promote the national defense:

(a) *What this direction does.* This direction provides that the manufacturers of softwood plywood shall produce a percentage of their total production in construction and door panel grades and reserve a percentage of those grades for certified orders from prefabricators, distributors, cabinet manufacturers, door manufacturers, house trailer manufacturers and housing contractors. It

provides that the construction and door plywood delivered on certified orders and the product into which it is incorporated, may only be sold in accordance with the applicable regulations under which priorities assistance is granted.

(b) *Definitions for the purpose of this direction.* (1) "Softwood plywood" means laminated veneers of any species of softwood united with a bonding agent to produce board.

(2) "Construction plywood" means plywood of one or more softwood panels, 12 feet and shorter and without external sealer treatment of the following grades: Interior (moisture resistant) type as follows: $\frac{1}{4}$ " sanded or $\frac{3}{16}$ " unsanded wallboard; $\frac{3}{8}$ " sanded or $\frac{3}{16}$ " unsanded wallboard; $\frac{1}{4}$ " sanded or $\frac{3}{16}$ " unsanded sound one side plypanel; $\frac{3}{8}$ " sanded or $\frac{3}{16}$ " unsanded sound one side plypanel; $\frac{5}{16}$ " sheathing; $\frac{3}{8}$ " sheathing; $\frac{1}{2}$ " sheathing and $\frac{5}{8}$ " sheathing; and Exterior type $\frac{1}{4}$ " sanded or $\frac{3}{16}$ " unsanded sound one side plypanel and $\frac{3}{8}$ " sanded or $\frac{3}{16}$ " unsanded sound one side plypanel.

(3) "Door plywood" means softwood plywood, interior (moisture resistant) and Exterior type without external sealer treatment of $\frac{1}{4}$ " sound two sides door plypanel.

(4) "Plywood manufacturer" means a person engaged in the manufacture of softwood plywood.

(5) "Prefabricator" means a person engaged in the manufacture of prefabricated houses, panels or sections who has been granted priorities assistance on Form CPA-4415 or NHA-14-53 to build prefabricated houses, panels or sections.

(6) "Housing contractor" means a builder (applicant) who has been directly assigned an HH rating by CPA, FHA or NHA. It also includes a general contractor who has been directly authorized by such a builder to use the HH rating for the whole job. It does not include a subcontractor authorized to use the HH rating for a part of the job.

(7) "Distributor" means a person who buys and stocks softwood plywood for resale as plywood at wholesale or retail.

(8) "Cabinet manufacturer" means a person who produces kitchen cabinets for built-in installation in housing.

(9) "Door manufacturer" means a person who consumes softwood plywood in the manufacture of standard house doors.

(10) "Square footage" means measurement on a $\frac{3}{8}$ " rough basis.

(11) "Certified order" means any order for the delivery of softwood plywood bearing the certificate prescribed in paragraph (j).

(12) "Person" means any individual, partnership, association, business trust corporation, governmental corporation or agency or any organized group of persons whether incorporated or not.

Plywood Manufacturers

(c) *Plywood manufacturers reserve production.* The following conditions will govern the amount of construction plywood and door plywood, plywood manufacturers shall produce and reserve for certified orders:

(1) Each softwood plywood manufacturer shall reserve in his total over-all production of softwood plywood in square footage for the month of April, 1946, and for each calendar month thereafter, time and supplies sufficient to produce and deliver within such month; (i) at least 45% of his expected monthly production of softwood plywood in the form of construction plywood of which not more than 20% of the construction plywood may be in exterior type; (ii) at least 5% of his expected monthly production of softwood plywood in the form of door plywood, for delivery on certified orders.

The CPA may from time to time change such percentages by amendments published

in the FEDERAL REGISTER prior to the first day of any month.

(2) Every plywood manufacturer must hold 60% of his production of construction plywood in square footage in any month for delivery on certified orders. A plywood manufacturer must accept and ship such certified orders in preference to all other orders (except AAA) to the extent that such orders do not require more than 60% of his production of construction plywood for that month. When a plywood manufacturer has accepted certified orders for construction plywood for this amount, he must not accept additional certified orders for construction plywood produced in that month. Any portion of the plywood manufacturer's reserve which is not required to fill certified orders received in the month it was produced, may be sold only on uncertified and unrated (except AAA) orders.

(3) A plywood manufacturer must reserve 40% of his total production of construction plywood in square footage beginning with the month of April, 1946, and for each calendar month thereafter for delivery only on uncertified and unrated orders from distributors.

(4) A plywood manufacturer must hold his reserve production of door plywood in any month for delivery on certified orders from door manufacturers or distributors. He must accept and ship such certified orders in preference to all other orders (except AAA) to the extent that such certified orders do not require more than the monthly reserve production of door plywood. When a plywood manufacturer has accepted certified orders for door plywood for the amount of his reserve production, he must not accept additional certified orders for door plywood produced in that month. Any portion of the plywood manufacturer's reserve of door plywood which is not required to fill certified orders received in the month in which it was produced, may be sold only on uncertified and unrated (except AAA) orders.

Prefabricators and House Trailer
Manufacturers

(d) The following provisions tell how prefabricators or house trailer manufacturers may place with a plywood manufacturer or distributor certified orders for construction plywood:

(1) A prefabricator or a house trailer manufacturer may place certified orders with a plywood manufacturer or a distributor for construction plywood in the amount for which he has received priorities assistance on Form CPA-4415, NHA-14-53 or on Form NHA-14-44. A prefabricator or house trailer manufacturer must order, accept delivery and use construction plywood in accordance with the provisions of Direction 8 or Direction 13 to Priorities Regulation 33.

(2) A prefabricator or house trailer manufacturer may not apply or extend an HH rating for construction plywood.

Housing Contractors

(e) *Housing contractors.* The following provisions tell how a housing contractor may place certified orders or HH rated orders with a plywood manufacturer or distributor for construction plywood.

(1) A housing contractor may apply the HH rating on orders for construction plywood to a distributor, but not to a plywood manufacturer, or a housing contractor purchasing in not less than carload lots, may place certified orders for mill shipment delivery each month starting with the month of April 1946, with a plywood manufacturer or a distributor, in an amount in square footage not in excess of the total construction plywood required to meet his construction schedule for housing for which he has received priori-

ties assistance on Form CPA-4386. A housing contractor may not place HH rated or certified orders for construction plywood except for use in kitchen cabinets and bathroom and kitchen flooring. He may not apply the HH rating or use a certificate for an amount in excess of 300 square feet per house or apartment. If kitchen cabinets are purchased as millwork the total permissible amount of construction plywood must be reduced by the amount of plywood in the cabinets.

(2) A housing contractor must not specify delivery dates (at site or warehouse) on certified orders or HH rated orders, more than 30 days from the time that the construction plywood is needed for incorporation into the housing. Furthermore, the housing contractor must not place certified orders for construction plywood in which is specified a delivery date later than the third calendar month after the time when the purchase order is placed. A housing contractor may place certified orders for construction plywood only to the extent that HH rated orders have not been placed with a distributor.

(3) A housing contractor must use the construction plywood obtained on certified orders or HH rated orders on housing construction for which the HH rating was authorized.

Cabinet Manufacturers

(f) *Cabinet manufacturers.* The following provisions tell how a cabinet manufacturer may obtain authority to place certified orders with a plywood manufacturer or a distributor for construction plywood for use in drawer bottoms of built-in kitchen cabinets and how the cabinets must be sold:

(1) A cabinet manufacturer wishing to place certified orders with a plywood manufacturer or a distributor for construction plywood to be used in the manufacture of drawer bottoms for kitchen cabinets, shall apply to the CPA for authority to place such orders. A cabinet manufacturer must apply to CPA before May 10, 1946, unless already authorized, for the months of May and June, 1946, and for calendar quarters thereafter must apply at least 20 days before the first day of the quarter, by letter stating: (i) average monthly consumption of construction plywood in drawers for built-in kitchen cabinets in year 1940 (required in first application only); (ii) average anticipated monthly production of kitchen cabinets in units to be produced in the period for which authorization is requested, and (iii) total requirements in $\frac{3}{8}$ " basis of construction plywood for drawers for built-in kitchen cabinets in item (ii) above. Such application will be processed equitably. A cabinet manufacturer must not specify delivery dates (at plant or warehouse) on certified orders more than 30 days before the time the construction plywood is needed for incorporation into the kitchen cabinet drawers. Furthermore, the cabinet manufacturer must not place certified orders for construction plywood in which is specified a delivery date later than during the third calendar month after the time the purchase order was placed.

(2) Authorizations to cabinet manufacturers will bear a serial number which must be inserted by the cabinet manufacturer in the place provided in the certificate required by paragraph (j) below.

(3) A cabinet manufacturer must use the construction plywood received on certified orders in the production of built-in kitchen cabinets suitable for housing. The cabinets manufactured from the construction plywood must be held for sale as millwork and sold in conformity with paragraph (f) (2) of Direction 1 to PR 33 providing for the sale of millwork.

Door Manufacturers

(g) *Door manufacturers.* The following provisions tell how door manufacturers may

place with plywood manufacturers or distributors certified orders for door plywood for the manufacture of standard house doors and how the doors must be sold.

(1) A door manufacturer may place certified orders for door plywood for delivery in each month beginning with the month of April, 1946, with the plywood manufacturer or a distributor for an amount in square footage not in excess of 10% of the amount in square footage of door plywood consumed by him in the manufacture of standard house doors in the year 1940.

(2) A door manufacturer must use each month, all the door plywood received on certified orders in the manufacture of standard house doors. The doors so manufactured must be held for sale as millwork and sold in conformity with paragraph (f) (2) of Direction 1 to PR 33 providing for the sale of millwork.

Distributors

(h) *Distributors.* The following provisions tell how distributors may place orders for construction plywood, and how the construction plywood may be sold:

(1) A distributor may place uncertified and unrated orders for delivery each month for construction plywood with a plywood manufacturer. Every distributor must reserve 75% of the construction plywood received in any month for delivery on certified and rated orders. A distributor must accept all certified and rated orders which are received before the end of the month up to the reserve quantities regardless of whether such orders call for delivery within that month. A distributor, however, may not accept for delivery in any month orders rated MM for more construction plywood than 5% of the quantity reserved in that month. In addition, he must not accept certified or rated orders (except AAA) for construction plywood for a quantity in excess of the reserve. Any construction plywood which a distributor is not required to reserve, and any construction plywood in the reserve for which certified and rated orders are not received during the month, may be delivered by a distributor only on uncertified and unrated (except AAA) orders.

(2) A distributor who has received a certified order for construction or door plywood may place the certified order with a plywood manufacturer to get the construction or door plywood which will be delivered direct to consumer subject to the applicable inventory regulations. A distributor may not place a certified order with a producer for replacement of inventory.

(1) *Newcomers.* (1) A person who in the year 1940 was not established as a cabinet manufacturer or a door manufacturer, and who wants to place monthly certified orders for construction plywood for use in kitchen cabinets or for door plywood for use in standard house doors, may apply to CPA for authorization to place certified orders for a calendar quarter. Authorization will be issued on a quarterly basis and application by letter must be filed at least 10 days before the first day of the calendar quarter for which authorization is asked. The letter should state: (i) location of plant; (ii) amount of equipment and its production capacity to manufacture kitchen cabinets or house doors; (iii) line of kitchen cabinets to be produced; (iv) anticipated monthly production of house doors or kitchen cabinets in which plywood is required; (v) total requirements on a $\frac{3}{8}$ " basis of plywood for house doors or kitchen cabinets for the next current quarter. Such application will be processed in an equitable manner.

(2) A person receiving authorization to place a certified order under paragraph (1) (1) above, must hold kitchen cabinets or doors manufactured for sale in conformity with the provisions of paragraph (f) (3) and (g) (2) above, respectively.

Certification

(j) *General provisions.* An order for construction plywood may only be certified by endorsing or attaching one of the following forms of certificate on the purchase order, sales ticket or other order calling for the delivery of construction plywood. Certificates must be signed manually or as explained in PR 7. However, the standard form described in that regulation cannot be used in place of the certificates described in this direction. The certification required by this direction cannot be waived under paragraph (f) of PR 7. The Serial Number must be inserted by all persons permitted to place certified orders except door manufacturers in the place provided in the certificate. An order bearing a certification without a Serial Number where required must be treated as an uncertified and unrated order.

Manufacturers and distributors who place certified orders calling for delivery of construction plywood or door plywood must use the certificate reading substantially as follows:

"The undersigned certifies to the supplier and to the CPA that he is a ----- (prefabricator, house trailer manufacturer, housing contractor, cabinet manufacturer, door manufacturer or distributor) and that the quantities of construction plywood or door plywood covered by this order (together with all other certified orders placed with this or other suppliers for construction plywood or door plywood for delivery in the months specified in this order) do not exceed the amount he has been allowed under Direction 1A of PR 33 with the provisions of which he is familiar.

Dated -----
Serial Number -----
Signature -----

Miscellaneous

(k) *Miscellaneous.* The following provisions generally affecting plywood manufacturers, prefabricators, housing contractors, cabinet manufacturers, door manufacturers, house trailer manufacturers and distributors should be carefully read:

(1) *Status of certified orders.* Certified orders for the purpose of this direction are subject to the rules for acceptance and rejection of rated orders as provided in Priorities Regulation 1 as if they were rated orders. The order of precedence where orders are received by distributors, cabinet manufacturers and door manufacturers is (subject to any provision of this direction limiting the quantity of orders that need be accepted) as follows: (i) AAA; (ii) MM; (iii) CC, HH and certified orders which are of equal value.

(2) *Applicability of regulations.* Except as otherwise required by this direction Priorities Regulations 1 and 3 govern the use of ratings and the acceptance, scheduling and filling of orders. All other applicable regulations and orders of the Civilian Production Administration must be observed.

(3) *Extension of rated orders.* Ratings (except AAA) may not be applied or extended to a plywood manufacturer for construction or door plywood. However, any person who has received a rated order for the delivery of construction or door plywood may extend the rating to his suppliers (except to a plywood manufacturer) to get plywood which he will deliver on that order subject to applicable inventory regulations. If a person has made delivery of construction or door ply-

wood on a rated order, he may extend the rating to his suppliers (except to a plywood manufacturer) to replace the amount in his inventory subject to the applicable inventory regulations. A millwork manufacturer who has received a rated order (except AAA) for millwork or who has delivered millwork on a rating (except AAA), may not extend the rating (except AAA), for construction or door plywood for incorporation into millwork. These rules supersede paragraphs (d) and (d-1) of Priorities Regulation 3 on the extension of ratings.

(4) *Violations.* Any person who willfully violates any provisions of this direction, willfully conceals a material fact or furnishes false information to any department or agency of the United States, is guilty of a crime and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using, material under priority control and may be deprived of priorities assistance.

(5) *Reports.* Every person shall file with the Civilian Production Administration, or any other federal agency, through which the Civilian Production Administration may distribute plywood, such reports and questionnaires as the Civilian Production Administration or such other agency may from time to time require subject to the approval of the Bureau of the Budget pursuant to the Federal Reports Act of 1942.

(6) *Appeals.* Any appeal from the provisions of this direction shall be made by mailing a letter in triplicate to the Civilian Production Administration, Forest Products Division, Washington 25, D. C., Ref.: Direction 1A to PR 33 stating the particular provision appealed from and stating fully the grounds for the appeal.

(7) *Communications.* All communications unless otherwise directed must be addressed as follows: Civilian Production Administration, Forest Products Division, Washington 25, D. C.

(8) *Directives.* The Civilian Production Administration may issue directives to plywood manufacturers, cabinet manufacturers, door manufacturers or distributors to set aside specific quantities or percentages of production or shipments for persons placing certified or rated orders. CPA may also allocate the production or shipments to specified persons for specified uses and may direct how and in what quantities deliveries to specified persons or uses may be made. It may also direct distribution to particular areas and may direct or prohibit the production by any person of particular items of softwood plywood, cabinets, or doors. Directives according to their terms supersede any preference rating or certification assigned to particular purchase orders or contracts. They may be issued for the satisfaction of Veterans' Emergency Housing Program and essential civilian requirements, including Temporary Re-use Housing under Direction 11 to PR 33, and in order to carry out more fully the purpose of this direction.

APPENDIX B

SECTION 20A (1) TO (11), INCLUSIVE, AND SECTION 214 OF THE INTERSTATE COMMERCE ACT

SEC. 20a. [Added February 28, 1920.] (1) That as used in this section the term "carrier" means a common carrier by railroad (except a street, suburban, or interurban electric railway which is not operated as a part of a general steam railroad system of transportation) which is subject to this act, or any corporation organized for the purpose of engaging in transportation by railroad subject to this act.

(2) From and after one hundred and twenty days after this section takes effect it shall be unlawful for any carrier to issue any share of capital stock or any bond or other evidence of interest in or indebtedness of the carrier (hereinafter in this section collectively termed "securities") or to assume any obligation or liability as lessor, lessee, guarantor, indorser, surety, or otherwise, in respect of the securities of any other person, natural or artificial, even though permitted by the authority creating the carrier corporation, unless and until, and then only to the extent that, upon application by the carrier, and after investigation by the commission of the purposes and uses of the proposed issue and the proceeds thereof, or of the proposed assumption of obligation or liability in respect of the securities of any other person, natural or artificial, the commission by order authorizes such issue or assumption. The commission shall make such order only if it finds that such issue or assumption: (a) is for some lawful object within its corporate purposes, and compatible with the public interest, which is necessary or appropriate for or consistent with the proper performance by the carrier of service to the public as a common carrier, and which will not impair its ability to perform that service, and (b) is reasonably necessary and appropriate for such purpose.

(3) The commission shall have power by its order to grant or deny the application as made, or to grant it in part and deny it in part, or to grant it with such modifications and upon such terms and conditions as the commission may deem necessary or appropriate in the premises, and may from time to time, for good cause shown, make such supplemental orders in the premises as it may deem necessary or appropriate, and may by any such supplemental order modify the provisions of any previous order as to the particular purposes, uses, and extent to which, or the conditions under which, any securities so theretofore authorized or the proceeds thereof may be applied, subject always to the requirements of the foregoing paragraph (2).

(4) Every application for authority shall be made in such form and contain such matters as the commission may prescribe. Every such application, as also every certificate of notification hereinafter provided for, shall be made under oath, signed and filed on behalf of the carrier by its president, a vice president, auditor, comptroller, or other executive officer having knowledge of the matters therein set forth and duly designated for that purpose by the carrier.

(5) Whenever any securities set forth and described in any application for authority or certificate of notification as pledged or held unencumbered in the treasury of the carrier shall, subsequent to the filing of such application or certificate, be sold, pledged, repledged, or otherwise disposed of by the carrier, such carrier shall within ten days after such sale, pledge, repledge, or other disposition, file with the commission a certificate of notification to that effect, setting forth therein all such facts as may be required by the commission.

(6) Upon receipt of any such application for authority the commission shall cause notice thereof to be given to and a copy

filed with the governor of each State in which the applicant carrier operates. The railroad commissions, public service or utilities commissions, or other appropriate State authorities of the State shall have the right to make before the commission such representations as they may deem just and proper for preserving and conserving the rights and interests of their people and the States, respectively, involved in such proceeding. The commission may hold hearings, if it sees fit, to enable it to determine its decision upon the application for authority.

(7) The jurisdiction conferred upon the commission by this section shall be exclusive and plenary, and a carrier may issue securities and assume obligations or liabilities in accordance with the provisions of this section without securing approval other than as specified herein.

(8) Nothing herein shall be construed to imply any guaranty or obligation as to such securities on the part of the United States.

(9) The foregoing provisions of this section shall not apply to notes to be issued by the carrier maturing not more than two years after the date thereof and aggregating (together with all other then outstanding notes of a maturity of two years or less) not more than 5 per centum of the par value of the securities of the carrier then outstanding. In the case of securities having no par value, the par value for the purposes of this paragraph shall be the fair market value as of the date of issue. Within ten days after the making of such notes the carrier issuing the same shall file with the commission a certificate of notification, in such form as may from time to time be determined and prescribed by the commission, setting forth as nearly as may be the same matters as those required in respect of applications for authority to issue other securities: *Provided*, That in any subsequent funding of such notes the provisions of this section respecting other securities shall apply.

(10) The commission shall require periodical or special reports from each carrier hereafter issuing any securities, including such notes, which shall show, in such detail as the commission may require, the disposition made of such securities and the application of the proceeds thereof.

(11) Any security issued or any obligation or liability assumed by a carrier, for which under the provisions of this section the authorization of the commission is required, shall be void, if issued or assumed without such authorization thereto having first been obtained, or if issued or assumed contrary to any term or condition of such order of authorization as modified by any order supplemental thereto entered prior to such issuance or assumption; but no security issued or obligation or liability assumed in accordance with all the terms and conditions of such an order of authorization thereto as modified by any order supplemental thereto entered prior to such issuance or assumption, shall be rendered void because of failure to comply with any provision of this section relating to procedure and other matters preceding the entry of such order of authorization. If any security so made void or any security in respect to which the assumption of obligation or liability is so made void, is acquired by any person for value and in good faith and without notice that the issue or assumption is void, such person may in a suit or action in any court of competent jurisdiction hold jointly and severally liable for the full amount of the damage sustained by him in respect thereof, the carrier which issued the security so made void, or assumed the obligation or liability so made void, and its directors, officers, attorneys, and other agents, who participated in any way in the authorizing, issuing, hypothecating, or selling of the security so made void or in the authorizing of the assumption of the obligation or liability so made void. In case any security so

made void was directly acquired from the carrier issuing it the holder may at his option rescind the transaction and upon the surrender of the security recover the consideration given therefor. Any director, officer, attorney, or agent of the carrier who knowingly assents to or concurs in any issue of securities or assumptions of obligation or liability forbidden by this section, or any sale or other disposition of securities contrary to the provisions of the commission's order or orders in the premises, or any application not authorized by the commission of the funds derived by the carrier through such sale or other disposition of such securities, shall be guilty of a misdemeanor and upon conviction shall be punished by a fine of not less than \$1,000 nor more than \$10,000, or by imprisonment for not less than one year nor more than three years, or by both such fine and imprisonment, in the discretion of the court.

SEC. 214. [Added August 9, 1935, as amended June 29, 1938, and September 18, 1940.] Common or contract carriers by motor vehicle, corporations organized for the purpose of engaging in transportation as such carriers, and corporations authorized by order of the Commission to acquire control of any such carrier, or of two or more such carriers, shall be subject to the provisions of paragraphs 2 to 11, inclusive, of section 20a of part I of this Act (including penalties applicable in cases of violations thereof): *Provided, however*, That said provisions shall not apply to such carriers or corporations where the par value of the securities to be issued, together with the par value of the securities then outstanding, does not exceed \$500,000, nor to the issuance of notes of a maturity of two years or less and aggregating not more than \$100,000, which notes aggregating such amount including all outstanding obligations maturing in two years or less may be issued without reference to the percentage which said amounts bear to the total amount of outstanding securities. In the case of securities having no par value, the par value for the purpose of this section shall be the fair market value as of the date of their issue: *Provided further*, That the exemption in section 3 (a) (6) of the "Securities Act, 1933" is hereby amended to read as follows: "(6) Any security issued by a common or contract carrier, the issuance of which is subject to the provisions of section 20a of the Interstate Commerce Act, as amended;"

OFFICE OF PRICE ADMINISTRATION.

[MPR 188, Order 5169]

COTTON FLOOR COVERINGS

ADJUSTMENT OF MAXIMUM PRICES

For the reasons set forth in an opinion issued simultaneously herewith, and filed with the Division of the Federal Register, and pursuant to § 1499.159 (b) of Maximum Price Regulation No. 188, it is ordered:

SECTION 1. *Purpose of this order.* This order authorizes a price increase for manufacturers of certain cotton floor coverings; and it sets forth specific pricing provisions which all sellers are to follow in calculating their maximum prices for sales of these products.

SEC. 2. *Articles covered by this order.* The articles covered by this order are cotton rugs made of woven cotton yarns; cotton rag or braided rugs; and cotton rugs made of woven cotton fabric back and cotton yarn pile surface.

SEC. 3. *Manufacturers' adjusted maximum prices.* (a) *Determination of maximum prices.* The maximum prices for sales of any of the articles covered by this order by a manufacturer to each class of purchaser shall be the higher of the applicable of the following:

(1) His maximum price properly established under Maximum Price Regulation No. 188 (exclusive of any permitted increase or adjustment) for sales to each class of purchaser increased by no more than 15 percent in the case of cotton rugs made of woven cotton fabric back and cotton yarn pile surface; and by no more than 20 percent in the case of cotton rugs woven of cotton yarns and cotton rag or braided rugs.

(2) His maximum price as adjusted or established by an order under Supplementary Order No. 133; or any other Office of Price Administration regulation or order.

SEC. 4. *Resellers' and adjusted maximum prices.* (a) Wholesalers, and retailers who determine their maximum resale prices for resales of the articles covered by this order under the General Maximum Price Regulation, of an article which the manufacturer has sold at an adjusted ceiling price determined under this order, and for which such reseller has a properly established maximum price prior to June 30, 1946, may increase that maximum price to each class of purchaser by the same percentage as that set forth in section 3 (a) (1) for the appropriate type of article described in that section.

(b) The resellers described in (a) above of an article which a manufacturer sells at an adjusted maximum price permitted under an individual adjustment order or for which the seller does not have a properly established maximum price prior to September 13, 1946 shall determine his maximum price by adding to his invoice cost the same per-

centage markup which he has on the "most comparable article" for which he has determined his adjusted maximum price under (a) above. For this purpose, the "most comparable article" is the one which meets all the following tests:

(1) It belongs to the same group of articles set forth in paragraph (a) above which covers articles being priced.

(2) Both it and the article being priced were purchased from the same class of supplier.

(3) Its net replacement cost is nearest to the net cost of the article being priced.

The determination of a maximum price in this way need not be reported to the Office of Price Administration, however, each seller must keep complete records, showing all the information called for by OPA Form 620-759 with regard to how he determined his maximum price, for so long as the Emergency Price Control Act of 1942, as amended, remains in effect.

(c) If the maximum resale price cannot be determined under the above method, the seller shall apply to the Office of Price Administration for the establishment of a maximum price under § 1499.3 (c) of the General Maximum Price Regulation. Maximum prices established under that section will reflect the supplier's prices as adjusted in accordance with this order.

(d) If a retailer determines his maximum price under Maximum Price Regulation No. 580, he shall compute his maximum price in accordance with the rules set forth in that regulation by using a "net cost" based on his invoice cost.

SEC. 5. *Terms of sale.* Every seller of an article covered by this order must maintain all of his terms, discounts, allowances, and other price differentials in effect during March 1942, or which have been subsequently properly established under Office of Price Administration regulations or orders.

A reseller who did not sell cotton floor coverings covered by this order during March 1942, or whose discounts, allowances and terms and other conditions of sale have not been thereafter established under OPA regulations, shall allow the same cash discounts, delivery terms, allowances, and other price differentials which his closest competitor, who was distributing cotton floor coverings covered by this order during March 1942, is required to allow in accordance with the provisions of this order.

A reseller who cannot ascertain the cash discounts, delivery terms, etc., which his nearest competitor is required to allow, shall apply to the nearest district office of the Office of Price Administration for an order under this section, establishing the conditions to which his ceiling prices are subject. Such application may be by letter and shall state the type of business he is operating (wholesaler, retailer) when he started to sell cotton floor coverings covered by this order, and the class of purchasers to whom he sells. An order will be issued under this section establishing the terms, allowances and other price differentials and conditions of sale in line with the

conditions of sale generally fixed by this order.

If a reseller who did not sell cotton floor coverings covered by this order during March 1942 does not allow the same discounts, delivery terms and other price differentials allowed by his nearest competitor who did sell cotton floor coverings covered by this order during March 1942, or does not file an application in accordance with the provisions of this section, or if he fails to provide any of the information required by this section, the Price Administrator may, on his own motion, issue orders under this section fixing discounts, allowances and other price differentials in line with such conditions of sale fixed by this order. Conditions of sale so established will apply to all sales and deliveries made on and after the effective date of this order.

SEC. 6. Notification. At the time of, or prior to the first invoice to a purchaser for resale on and after the effective date of this order, showing prices adjusted in accordance with this order, the seller shall notify the purchaser in writing of the methods established in Section 4 of this order for determining adjusted maximum prices for resales of the articles. This notice may be given in any convenient form.

SEC. 7. Compliance with this order—
(a) *No buying or selling at over ceiling prices.* Prices established by this order are ceiling prices. Prices lower than ceiling prices may be charged and collected at any time. However, regardless of any contract or other obligation, no person shall sell, offer to sell, or deliver, and in the course of trade or business, no person shall purchase or accept delivery of any cotton floor coverings covered by this order at a price higher than the ceiling price fixed by this order or before the manufacturer has properly determined his ceiling price under this offer.

If, in violation of this provision, a sale, offer to sell, or delivery of any cotton floor coverings covered by this order is made before its ceiling price has been properly established in accordance with this order, the ceiling price applicable to the sale, offer to sell, or delivery shall be the correct ceiling price for such cotton floor coverings covered by this order properly determined in accordance with this order.

(b) *Certain practices forbidden.* It shall be a violation of this order to charge a price above the applicable ceiling price in connection with any sale of cotton floor coverings covered by this order, either alone or in conjunction with any other consideration, even though the price increase appears only indirectly.

The following is illustrative of the things a seller is not permitted to do. A seller is not permitted to require the purchaser, as a condition of the sale or transfer of cotton floor coverings covered by this order to make payment over a period of time; to require him to finance the purchaser through any particular lending agency; to require him to purchase any equipment, accessories, repairs, parts or services so as to increase the total compensation above the arti-

cle's ceiling price; to require him to purchase any other commodity or service; or to require him to make payment in whole or in part by exchanging, transferring, or trading in any other cotton floor covering covered by this order or other commodity. Where there is an exchange, transfer or trade-in in connection with a sale, it is a violation for the seller to give the purchaser an allowance for the commodity exchanged, transferred or traded in, which is less than its reasonable value.

provisions of the act, as will cause it to cease to be a holding company; and

The Commission on November 30, 1944 having issued its Order pursuant to section 11 (b) (1) of the act directing Columbia Gas & Electric Corporation ("Columbia"), a registered holding company and a subsidiary of United, inter alia, to dispose of its interests in its subsidiary, The Cincinnati Gas & Electric Company ("Cincinnati"); and

The Commission having on August 22, 1946 approved Columbia's proposal for the disposition of all of the common stock of Cincinnati by means of an underwritten offer to stockholders through warrants, expiring on September 9, 1946, issued to all holders of the common stock of Columbia of record as of August 22, 1946 evidencing the right of such holders to purchase at \$26 per share one share of common stock of Cincinnati for each six shares of Columbia common stock held; and

The proceeds from the proposed sale are to be used for the partial payment of indebtedness amounting to \$18,375, incurred by Provincetown for extensions, additions and improvements to its plant and property. Such indebtedness is represented by a six month note, dated June 26, 1946, for \$18,375 payable to The First National Bank of Boston with interest at 3% per annum.

The application by Provincetown is filed pursuant to section 6 (b) of the act for exemption from the provisions of section 6 (a) of the act as to the issue and sale of the 125 shares of common stock, such issue and sale having been expressly authorized by the Department of Public Utilities of Massachusetts by order dated July 22, 1946. New England has joined in the filing under sections 9 (a), 10 and 12 (f) of the Act in respect to its acquisition of the additional shares of common stock of Provincetown.
